Public Notice Extension

Pursuant to Article 31 of the Law No.13/2005 on Petroleum Activities stated that, the government may make regulations under this law; and therefore the Government of Democratic Republic of Timor-Leste through the Ministry of Petroleum and Mineral Resources (MPRM) has finalised a draft proposed **“Decree Law for Onshore Petroleum Operation in Timor-Leste Area.”**

Accordingly, the MPRM through the ANPM is herewith made a public announcement on its official public consultation which had taken place from 15/05/2017 – 15/07/2017. Nevertheless, considering the great interest shown by various parties throughout the initial consultation period, the ANPM decided to extend the period of the public consultation until 15/08/2017.

The Public Consultation aims at:

1. Seeking inputs and guidance from public, including local authorities to enforce the implementation of the regulation
2. Gathering public opinions through various means of discussion prior to implementing the regulation.
3. Engaging with local authorities as the community representative during the public consultation of the respective regulations.
4. Providing equal sharing information in all regions of Timor-Leste.
5. Encouraging public participation in Policy making in the Petroleum sector in Timor-Leste

The copy of the draft Decree-Law is available at the ANPM's official website:
