REQUEST FOR PROPOSAL (RFP)

Review Environmental Document of Downstream Activity

ANPM/PROC/RFP/22/004

BACKGROUND AND SECTOR OVERVIEW

The Autoridade Nacional do Petróleo e Minerais (ANPM) is a Timor-Leste's body responsible for managing and regulating petroleum and mineral activities in the Timor-Leste's Exclusive Jurisdiction Areas and in the Greater Sunrise Special Regime in accordance with the Decree Law on the establishment of the ANPM, the Timor-Leste Petroleum Activities Law, and the Maritime Boundary Treaty (MBT). The ANPM is to establish and supervise compliance with the enacted rules and regulation covering the exploration, development, production, transportation, processing and distribution of petroleum natural gas resources and mineral. It is also tasked to develop a strong petroleum and mineral management institution in Timor-Leste.

OBJECTIVE

The ANPM wishes through this RFP to select and engage a qualified and experienced Consultant to assist the ANPM – Downstream Directorate in the review of the Environmental Documents of major *Downstream Activity* projects including but not limited to Fuel Storage Facility, LNG Plant and Refinery. Highlights of works seeking for are stipulated in the scope of work below.

SCOPE OF WORK

The scope of work is:

1. To assist Downstream Directorate in the review of Terms of Reference (ToR) for Environmental Impact Assessment Study for downstream major projects including but not limited to Fuel Storage Facility, LNG Plant, and Refinery based on Decree-Law No. 5/2011 and best industry practice. The identified scope of study that to be covered in the ToR for particular project under reviewed and its extent of study/assessment are to be provided to the ANPM as part of deliverables.
2. To assist Downstream Directorate in the review of Environmental Impact Statement (EIS) and the Environmental Management Plan (EMP) including monitoring program of Category A

projects including but not limited to Fuel Storage Facility, LNG Plant, and Refinery based on Decree-Law No. 5/2011 and best industry practice.

3. To provide technical assistance on the issues related to the environment in the licensing process of downstream activities.
5. To produce a technical checklist on the extent of assessment to be covered in the assessment of EIS, SEIS, and EMP, for particular project under review. The checklist is to be provided to the ANPM as part of deliverables.
6. To identify Best Environmental Practice (BEP) and Best Available Techniques (BAT) for particular project under review, and provide a brief overview of each BEP and BAT to ANPM as deliverables for the project being assessed.
7. To provide training to the ANPM staff on Best Environmental Practices for the review of Category A and B projects, if required.

The ANPM shall issue Work Order to selected consultant specifying work detail from time to time within scope of work and period of contract.

The Consultant will be contracted by ANPM for a period of 1 (one) year and can be extended.

OUTPUTS, DELIVERABLES AND ADMINISTRATIVE ARRANGEMENTS

All advice and assistance shall be provided in writing and the output of the review shall be included in a report to the ANPM.

All relevant documentation shall be submitted in English language, unless specified by the ANPM that documentation is to be submitted in the Portuguese language.

The Consultant shall be available for meetings and discussions with staff from the ANPM as necessary as well as discussion or deliver presentation on the outcomes of the review.

Invoices will be raised by the Consultant, after the conclusion of the work issued by the ANPM in the Work Order and the amounts due, which will be paid within 60 calendar days upon submission to the ANPM.

ANPM should make the payments based on the agreed method for the specific task delivered. All fees paid will subject to a 10% Timor-Leste withholding tax.
